

DOUGLAS ELLIMAN REAL ESTATE SUPPLEMENTAL DISCLOSURES

AND RECEIPT FOR LINKS TO HAZARD BOOKLETS

These Supplemental Disclosures (the "Disclosures") are intended to provide Buyer with information regarding issues that may affect the Property. However, the information available to Broker and contained in the Disclosures may not be current or complete. Buyer is advised to contact the appropriate local agency or the office of the member of the City Council representing the specific area where the Property is located to obtain additional information regarding developments, restrictions, traffic, project schedules and other community concerns. In addition, Broker recommends Buyer consult professionals to determine any impact on the Property.

1. **Report of City Records Regarding the Property/Pre-Sale Inspections.** Buyer and Seller are advised that numerous cities in California require that Seller pay for and deliver to Buyer, prior to close of escrow, a report concerning city records regarding the Property. Some cities also require pre-sale inspections of the subject property. Buyer and Seller acknowledge that Broker(s) is not responsible for the timely delivery of these reports nor the timely availability and scheduling of city inspectors. Further, receipt of such reports and pre-sale inspection requirements cannot be waived.
2. **Mailing Address Discrepancies.** Please be advised that despite the mailing addresses of many properties, the actual physical location of such properties may be in a different city and/or could be in an unincorporated portion of a county. Please be sure to check with your title report to verify under what municipality or other governmental authority your property resides, despite its physical address.
3. **Building Ordinances/Historic Preservation Zones/Historical Resources/Hillside Ordinances/Baseline Mansionization Ordinances.** Buyer and Seller are advised many state and local ordinances may impact an owner's ability to make changes or additions to an existing property, demolish an existing property or significantly increase the cost of making permitted changes. Buyer is advised to check with all applicable agencies to obtain a copy of any appropriate ordinances, current or pending, in order to determine the impact, if any, of such ordinances on the Property.
4. **Flight Paths and Airport Expansion.** Buyer and Seller are advised that the frequency and hours of aerial traffic, flight paths, altitude and other factors related to airport use are subject to change. Many airports are currently reviewing, or have approved, proposals to increase permitted air traffic and flight path routes or are considering plans for expansion.
5. **Public Transportation.** Buyer and Seller are advised the Property may be in or near an area in which public authorities are contemplating, planning the location of or are constructing a public rail or other transportation line. Any such form of proposed transportation may affect the value or desirability of the Property and areas somewhat distant from the transportation line, either beneficially or adversely. Buyer is advised the potential impact includes, but is not limited to, changing traffic patterns due to construction and use of the transportation line, construction of ventilation units for a subway system, construction and use of other transportation facilities, such as shuttle connections or parking hubs, Buyer is advised to obtain additional information regarding the potential impact any rail line may have on the Property or neighborhood from the MTA or local City government.

150 EL CAMINO DRIVE, BEVERLY HILLS, CA 90212. 310.595.3888 © 2020 DOUGLAS ELLIMAN REAL ESTATE. ALL MATERIAL PRESENTED HEREIN IS INTENDED FOR INFORMATION PURPOSES ONLY. WHILE, THIS INFORMATION IS BELIEVED TO BE CORRECT, IT IS REPRESENTED SUBJECT TO ERRORS, OMISSIONS, CHANGES OR WITHDRAWAL WITHOUT NOTICE. ALL PROPERTY INFORMATION, INCLUDING, BUT NOT LIMITED TO SQUARE FOOTAGE, ROOM COUNT, NUMBER OF BEDROOMS AND THE SCHOOL DISTRICT IN PROPERTY LISTINGS SHOULD BE VERIFIED BY YOUR OWN ATTORNEY, ARCHITECT OR ZONING EXPERT. IF YOUR PROPERTY IS CURRENTLY LISTED WITH ANOTHER REAL ESTATE BROKER, PLEASE DISREGARD THIS OFFER. IT IS NOT OUR INTENTION TO SOLICIT THE OFFERINGS OF OTHER REAL ESTATE BROKERS. WE COOPERATE WITH THEM FULLY. EQUAL HOUSING OPPORTUNITY. 

6. **Protected Tree Preservation.** Buyer and Seller are advised Tree Protection Ordinances may exist with respect to the preservation of designated species and other types of other protected trees. These cities include Los Angeles, Beverly Hills, Pasadena and San Marino, among others. Buyer is advised to contact the proper authorities for further information.
7. **Subdivision Map Act.** Buyer and Seller are advised that property subdivided prior to the Subdivision Map Act or which was not subdivided in accordance with the Subdivision Map Act, may be shown on the tax assessor's maps delineated with dash or dot boundaries instead of solid lines. If the boundaries of the Property are delineated with dashes or dots, in order to obtain a building permit with respect to the Property, the owner of the Property may be required to obtain a Certificate of Compliance from the appropriate local governmental entity, which may cost \$1,000.00 or more. Buyer is advised to determine whether the boundaries of the Property are shown with dots or dashes on the tax assessor's maps. If the Property boundaries are shown with dots or dashes, Buyer should contact appropriate experts and government agencies to determine how such designation will affect the Property.
8. **Methane Gas.** Buyer and Seller are advised some properties may be located within known methane gas areas. If the Property is in an area designated as either high risk or potentially high risk for methane gas it may be subject to a Methane Gas Ordinance.
9. **Open Reservoirs.** Buyer and Seller are advised that properties in the areas surrounding an open reservoir may be impacted by existing or future plans to modify open reservoirs in order to comply with Federal and State Clean Water Acts and other laws regarding water use and storage.
10. **Brush Clearance.** Property owners are responsible for keeping the brush on their property cleared in accordance with Fire Department regulations. If the property owner does not clear the brush prior to the deadline (usually May or June) the City or County Weed Abatement Department will clear it after the deadline and lien the property. If Seller owns the property after it is cleared by Weed Abatement, the Seller will be held responsible for paying the Weed Abatement lien. Buyers and Sellers should ascertain lien status from the Weed Abatement Department.
11. **Freeway Expansion and Construction.** Buyer and Seller are advised to contact Caltrans or local Transportation Department regarding proposed or active Freeway construction, Freeway extensions or construction of new Freeways to determine any impact on the Property and traffic in surrounding area.
12. **California Coastal Commission (www.coastal.ca.gov).** Buyer acknowledges that development and/or construction on the Property may be subject to the jurisdiction and requirements of the California Coastal Commission, the City and/or the County. The development of beachfront property may also be impacted by the determination of "mean high tide lines" in relation to the boundary lines for beachfront property. Broker also recommends that Buyer contact the State Lands Commission (www.slc.ca.gov) for more information.
13. **Rent Control/Stabilization Ordinances.** Numerous cities including, but not limited to, the City of Los Angeles, Santa Monica, and West Hollywood have Rent Control/Stabilization Ordinances. The State of California has also instituted a statewide Rent Cap and Just Cause Eviction rent control law. Real Estate Brokers and their agents do not have the expertise to advise the parties with regard to the specific impact of these ordinances on the subject property. Landlord and Tenant are advised to contact the appropriate governmental entity charged with enforcing any such ordinance in the area in question to verify whether subject property is subject to such ordinance and, if so, what impact such an ordinance will have on the rights and duties of Landlord and Tenant. These ordinances potentially impact various issues including rents, ability to raise rents, eviction procedures, relocation fees, handling of security deposits and many other matters.
