If any building on the Property contains 3 or more units, and has balconies, decks, stairways or other structure extending beyond the exterior walls of the building, which are at least 6 feet above ground level, and supported in whole or in part by wood or wood-based products ("Elevated Elements"), Health and Safety Code § 17973 requires that an inspection of the Elevated Elements be completed by January 1, 2026 and at least every 6 years thereafter.
